Each year we reach out to nations across the Globe!

A Legacy Moment with Morris Cerullo

You might ask:
Brother Cerullo, how can you expect to reach an entire nation by conducting just a few meetings in major cities?

Mexico

The answer is that we raise up a mighty army for God during these meetings. People from all over the nation gather together for training in how to work the works of God. They learn to become proof-producers and receive a mighty, new anointing from God.

Anointed Nationals training their own people.

We are not the ones who will reach their nations. They are the ones—God's Victorious Army. We raise up and send forth a trained army of proof-producing leaders. They are nationals who can speak the language, know the customs, can eat the food, and have no visa problems. They are the ones who will reach the multitudes with the gospel.

This map represents nations that we traveled to in a single year!

The populations of the nations that we reach out to in a single year is nearly THREE BILLION SOULS!

Auckland in New Zealand, a nation of 4,035,500 souls

Jerusalem and Tel Aviv in Israel, a nation of 6,276,900 souls

Kinshasa in Democratic Congo, a nation of 60,085,800 souls.

Arusha in Tanzania, a nation of 36,766,400 souls

Kigali in Rwanda, a nation of 8,440,860 souls

Nkuru in Kenya, a nation of 33,829,600 souls

Adis Abba in Ethiopia, a nation of 73,053,300 souls

Lahore in Pakistan, a nation of 162,419,900 souls

New Delhi in India, a nation of 1,080,264,400 souls

Lijiang in China, a nation of 1,306,313,800

Gwangyu, Kunsan, Taejon, Incheon, and Seoul in Korea, a nation of 48,422,600 souls

This mighty army of Elijahs goes into the cities and villages. They travel up and down the rivers. They penetrate the jails and barrios. They go where we cannot go. Everywhere they go, they raise up other leaders (young Elishas, as we call them), who will continue this dynamic cycle of spiritual multiplication until Jesus comes.

These men and women are our key to a closing world. They are the generation that will usher in the return of our Lord, Jesus Christ.

He is Coming Soon!

THIS IS OUR GOAL, SOULS!

With Your Help, We can Reach the World!

What an amazing history of worldwide ministry! Take time to look again at this special edition of *Frontline News*. It recounts just a few of the nations where we have recently ministered. We are raising up Nationals, leaders who reach out with the gospel to their own people, within the borders of their own countries and communities. We are reaching out to nations in Latin America, Asia, Europe, the Far East, and the Middle East. We are criss-crossing the globe several times each year! Multiplied thousands of Nationals are receiving the mantle of the new anointing.

Billions of Souls

Did you note the many nations that we are traveling to in a single year? **We have the potential to reach billions of souls each year** in these nations and others around the world. Please take time pray for our forthcoming outreaches.

It all happens because of YOU!

Friend, I cannot accomplish this without you. Your prayers and support result in the anointing of God being poured out upon these meetings and these Nationals. Your financial support of God's Victorious Army enables us to raise up multiplied thousands of spiritual soldiers around the globe.

Each month throughout the year, you will receive a special gift, prepared exclusively for God's Victorious Army members. These gifts will strengthen your spiritual life as they lead you through an in-home series of lessons that will focus on your spiritual needs. They have covered such topics as Healing, The battle against satan, and many others, focusing on subjects that affect our families and our ministries every day.

Travel with me via Frontline News!

When you become a God's Victorious Army monthly partner, you will receive a new issue of the *Frontline News* Newsletter every month. It will take you to lands that you have only heard about and keep you up to date on where we are travelling, and what God is doing through us.

In *Frontline News* you will also meet many of the Nationals who have been raised by your ministry, and learn what they are doing, through God, within their own communities and nations. We have seen thousands come to know Christ and become so imbued in the faith that they have built their own churches, many with congregations now reaching into the multiplied thousands!
